SDG Exploration and Education

- Increase awareness and understanding of the concept of the SDGs and their significance.
- Identify how each SDG relates to the local context and priorities of partners.
- Equip participants with the necessary knowledge and tools to initiate and drive sustainable development efforts aligned with the SDGs.
- Draw up an action plan for each partner to initiate and drive sustainable development efforts aligned with the SDGs.
- Foster connections and networking among policymakers and representatives from partner towns to encourage future collaboration, enabling a collective approach to sustainable development.
